			Dominic White	157.38	143.4*	143
Hunter 15	134	147.4	Brian Coleman	151.31	147.4*	143#

Notes * The 110% Rule for OB Short Series has been applied to all Club Handicaps which exceed that figure, as well as some rounding. (This rule also applies to the OB Labour Day series being conducted in conjunction with the Vignerons' Trophy.)

Some VT Base Handicaps have been further reduced in light of previous VT and recent events

VIGNERONS' TROPHY 2019 – KEELBOAT HANDICAPS

Boat Name	Current Hcap	Direct Conversion	VT Handicap
		Note 1	Note 2
<i>Foxy Lady</i>	.884	90.8	98
<i>Wasabi</i>	.866	92.7	102
<i>Act of Faith</i>	.864	92.7	104
<i>Coromandel</i>	.806	99.6	108
<i>Scaramouche</i>	.807	99.4	108
<i>Sophistique</i>	.792	101.3	109
<i>Montalto</i>	.787	102.0	114
<i>J70</i>	.704	101.1	108
<i>Flying Cloud</i>	.764	105.0	120
<i>Supergoof</i>	.734	109.3	120
<i>Valkyie</i>	.713	112.6	123
<i>Harbinger</i>	.700	114.6	124
<i>Alto II</i>	.650	123.5	135
<i>Tulak</i>	.613	130.9	140

Note 1 Using YA formula for converting CBH to Yardstick: $YS = K/CBH$, where $K = 80.25$

Note 2 Direct conversion is obviously too severe. A modified conversion has been reached by applying a multiple to direct conversions, and also considering boats' performances in previous VT races.

(The aim has been to arrive at a handicap which can be directly applied in conjunction with current OB handicaps – first by a direct conversion using a recognised formula and then, more subjectively, using past experience to modify further.)
